

DRAFT AGENDA

RESEARCH SEMINAR - Family Empowerment Study: Supporting families in the face of changing opportunities for education and employment for women

01 October 2016, Asian University for Women

Objectives of the Research Seminar:

1. Share the findings from a three-year comparative study on women's education and employment opportunities and their impact on gender relations in the family in South Asia.
2. Develop collaboratively an agenda on how families can be supported to adapt to social change and take advantage of these opportunities for women.

8.45am – 9.15am
